

Measures to prevent the spread of new coronavirus infection

Thank you for choosing Naha Bus Co., Ltd.

At our company, we have a new type of coronavirus infection measures so that our customers can ride with peace of mind. We are implementing the following as preventive measures.

1. Enforcement of hand washing and gargling

We are instructing all employees to practice "washing hands and gargling".

2. Wearing a mask

Each of our drivers and bus guides wears a mask thoroughly during the tour and during breaks.

3. Management of the crew's physical condition

The crew always measures their body temperature before and after the tour (in the morning and evening). We do not allow any crew with symptoms such as fever and cough and those who are in poor physical condition to be on board.

4. Installation of hand disinfectant

Hand disinfectant is installed near the entrance of all vehicles.

When getting on and off, we ask for your cooperation in disinfecting your fingers.

5. Disinfection of inside the car

Any parts that the guests touch such as handrails, armrests, etc. and the space inside the car are thoroughly disinfected before and after the tour, and while waiting for the guests at tourist facilities.

6. Ventilation inside the car

We are ventilating the inside of the car by introducing the outside air through the AC and by opening the door and windows during the wait time. Also, the windows are kept open as much as possible when the bus is in motion. (except for when driving on the highway)

★★★ Request to our guests ★★★

We ask for your understanding and cooperation with the following measures to thoroughly prevent in-vehicle infections.

1. Please wear a mask when boarding the bus.
2. When getting on and off, please cooperate with "finger disinfection".
3. Guidance by the bus guide in the car may be made seated to avoid face-to-face contact. Thank you for your understanding in advance.
4. In order to prevent contact infection, we prohibit eating and drinking in the car.

Thank you for your understanding and cooperation so that every guest can enjoy the tour with peace of mind.
