Usage Guide

- Usage Environment Explanation ...[P2](#)
- About Ticket Usage ...[P3~P12](#)
- One-Time Password OTP... [P13](#)

▪ Usage Environment Explanation

◇ If multiple tickets are purchased in a single reservation, **please use one device. The maximum number of tickets per reservation is four.**

◇ Please disable the automatic translation feature of your browser.

◇ Recommended environments for digital tickets:
iOS 15 or later / Latest Safari, Android 10.0 or later / Latest Chrome

*Even in the recommended viewing environment, there may be instances where it cannot be used depending on your device and usage conditions.

◇ Please disable dark mode.

◇ Screenshots of the QR code cannot be used for entry.

◇ If you open the URL directly from the app, it may not function correctly. Please use the recommended browser.

⑤ Show this screen to the reception staff.

To prevent access by unauthorized users, an OTP is required when accessing from a different environment than the first time you accessed the usage site.

Example 1: After checking the display on a computer, displayed it on a mobile device when actually using it

Example 2: Changed the mobile device that opened the usage site

The screenshot shows a web page with a large '404' error code at the top. Below it, there's a section titled 'E-ticket' and 'One-time password'. The text reads: 'Your access environment has changed. For security protection, a one-time password will be sent. Please register your email address to receive the one-time password.' There is an input field for the email address and a green 'Submit' button.
