About One-Time Password (OTP)

To prevent access by unauthorized users, an OTP is required when accessing from a different environment than the first time you accessed the usage site.

Example 1: After checking the display on a computer, displayed it on a mobile device when actually using it

Example 2: Changed the mobile device that opened the usage site

① Please enter a valid email address and send it.

② Please confirm the OTP. Check your email. If you do not find it, please check your spam folder. If it's not in spam either, please verify that the email address is correct. Reopen the usage site and start over by entering the email address again if needed.

③ Enter the OTP.
***Once authentication is complete, this email address cannot be changed, so please enter your own email address.**

If you encounter any issues while using the train, please refresh your e-ticket browser.
